The Pecan 1969

Brownwood High School
Brownwood, Texas

Brownwood 1969

The year is 1969, and Brownwood High School is swarming with people. But who are these people and where are they going?

The identities of the people and what they do in 1969 will be revealed as you turn the pages of the '69 Pecan, but what destiny awaits them - only time will tell.

Blind time wanders aimlessly on
Into the infinite and circles the
sun.

It must ever keep moving; it cannot
turn back.

We must find hope in the future,
or our pathway is black.

Teacher Of The Year Carl Arnsperger

The mark of an outstanding teacher is the rare ability to create enthusiasm which vibrates between student and teacher as each struggles to meet the other's expectations. Such a teacher is Mr. Carl Arnsperger, who has been named Brownwood "Teacher of the Year" for 1969 and has placed third in state competition.

Mr. Arnsperger's influence will extend far into the future as his students live the lives he helped to shape.

American Field Service

AFS candidate, Diane Lanford, and Monica Dos Santos discuss the advantages of being an exchange student.

To bring nations closer together in the bonds of mutual friendship is the main objective of the American Field Service. Brownwood High School and the community of Brownwood are active participants in the A.F.S. program. In the last four years B.H.S. has been blessed with four fine exchange students who have added much to our community's awareness of the rest of the world.

As a part of the program, Brownwood students have had the opportunity to travel to other lands to study and to gain an understanding of other nations.
